Western Provinces Show

Increase in Sheep

Pure-Bred Animals Were Sold to Farmers Last Year

To encourage farmers in Saskatchewan to raise more sheep, upwards of 4,000 grade ewes and over one hundred pure-bred rams were sold to farmers in the province last year by the Provincial Department of Agriculture. During 1921 the three western provinces showed an increase in the number of sheep, as well as Nova Scotia and Prince Edward Island, while the four central provinces reported decreases.

ROSY CHEEKED

HEALTHY-WOMEN

Know the Full Value of Rich, Red Blush

Robust, healthy, red-cheeked women seldom worry. Their condition of mind and body is such that they can rise above the causes that bring melancholy and brooding. It is the woman with weak, watery blood who is thrown into nervous unrest by the little annoyances that grow so great in the imagination that it seems as if she must scream to relieve her feelings.

A woman's health quickly falls when her blood becomes thin and weak. The stomach is disordered and all appetite vanishes. The nerves lose their strength and so sleep is not regular and does not refresh the body. A state of weakness arises that increases gradually and gives further cause for worry. Good blood is necessary to every woman who has grown pale and weak, and who this condition Dr. Williams' Pink Pills will be found of great benefit, because they enrich and purify the blood. Women who are anemic, suffer from indigestion, palpitation, headaches and nervous attacks will find new strength through a fair use of these pills. Among the women who have proved the value of this medicine is Mrs. Enos Levy, Hackett's Cove, N.S., who says: "About two years ago I began to fail in health and was very weak. My constitution was all run down, and my blood was weak and watery, as was manifest every month. I had heard of Dr. Williams' Pink Pills and what they would do for the blood, and being in such a low condition I decided to try them. By the time I had finished the fourth box I found to my delight that I was a great deal stronger, and my blood a deep red color. I have a lot of work to do besides taking care of my little one, and with Dr. Williams' good health I enjoy it, and I can truthfully say I owe this condition to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

One Guess on the Liquor Act

One of the main proposals in the forthcoming amendments to the Liquor Act will probably be the closer centralisation in the hands of the Provincial Vendor.

One month's notice has been given all Government inspectors of drug stores, so it is reported, their services to cease the end of this month. This is taken to mean that distribution of liquor thru the channels of drug stores will be eliminated.

Negotiations are said to be under way by the Attorney-General's Dept. for new warehouse quarters in Edmonton and Calgary, to supplement the Vendors' stores already existing there. These to be centres of liquor distribution for those legally entitled to purchase liquor, under prescription and otherwise.

With the Government in the distributing business on a systematic scale, it is presumed that other points for the establishment of Vendors' stores will later be decided on by the Government.

Four Potato Varieties Favored

Results of co-operative experiments with potatoes conducted on eight farms in Edmonton district to determine the most suitable varieties, were given by G. B. Sanford, at the Potato Growers Convention last week.

Wee Macgregor, Irish Cobbler, Early Ohio and Favorite were the four varieties which have given best results from the standpoint of yield of all varieties tested, and stood up well in the cooking tests also.

In 1920 Irish Cobbler, Wee Macgregor, Early Ohio, Favorite, Carman, Prairie Flower, Up to date and Table Talk were tested. The first four all proved to be good yielders and were retained in the 1921 tests; the latter 4 were discarded owing to poor results and were replaced by Bovee, Week's Early, Hamilton Early and Russet Gem. The average yield of these were:

	Bush, per acre
Wee Macgregor	351
Irish Cobbler	320
Favorite	288
Early Ohio	274
Bovee	268
Week's Early	265
Hamilton Early	258
Russet Gem	190

Owing to a difference in fertility and rainfall, yields of the same variety varied from 68 to 650 bu. per acre. In all cases the 4 leading varieties gave the highest yields in all of the tests.

The smallest percentage of small or unmarketable potatoes was found in the heaviest yielding varieties.

In the cooking test, to determine meanness, Early Ohio took first place, Hamilton Early 2, Irish Cobbler 3, Week's Early 4, Bovee 5, Wee Macgregor 6, Favorite 7, Russet Gem 8th.

The early digging test, to determine the varieties best suited to grow for the early market resulted: Early Ohio 1st, Irish Cobbler 2, Week's Early 3, Bovee 4, Favorite 5, Hamilton Early, Early Ohio and Irish Cobbler, percentage of unmarketable potatoes was light. Bovee and Favorite, percentage of small potatoes fairly large.

Liquor Act Police Squad.

It has been announced by Attorney General Brownlee that Sergt. J. J. Nicholson, of the Provincial Police, formerly stationed at Blairmore, has been appointed to take charge of the policing under the Liquor Act, under the general direction of Commissioner Cuddy. Announcement will shortly be made also of the appointment of a man to have charge of the administration of the Act under the direction of the Attorney General.

The Season's Event.

The local theatre was well filled Tuesday evening, when the curtain rung up on the production of Spokeshave's masterpiece, "The Minister's Bride." The immense stage was beautifully decorated with scenery and chairs; while in the forefront hung three unique oil paintings of alleged departed pastors which attracted considerable attention. Following is the cast of characters—

Mr. R. B. Brooks, Rev. Jno. West, Mrs. Oatway, Mrs. John West, Miss Regan as Mrs. Charity, Mrs. J. H. Lory as Mrs. Sharp, Mrs. Malloch as Mrs. Seegood, Mrs. Kowensky, Mrs. Beterdays, Miss Robertson as Mrs. Crabbe, H. Ingram as Joe Crabbe, Mrs. Wilson as Miranda Meek, Edw. Oatway as Jim Curtis, Miss Lalonde, Molly Charity, W. E. Hainsworth, Mr. Right, D. E. Moyer, Robert Spence, Mrs. L. F. Jones, Miss Heather, H. Ingram, Ephraim Snelgrove, Mrs. D. A. Stuart, Miss Mirth, Miss M. Anderson, Miss Irving.

The piece was well received, as the auditors had assembled in a good humor, and were ever ready to encourage those behind the footlights. The leading character, Rev. John West, taken by Mr. R. Brooks, was well portrayed; the part of the Bride (taken by Mrs. Oatway) was acted in a charming manner; while Mrs. Stuart as Miss Mirth and Miss Robertson as Mrs. Crabbe, richly deserved the hearty applause given their efforts. Mr. Herb Ingram as Ephraim Snelgrove, is in a class by himself. When it came to making a speech, old Eph seemed to be hitting on only one cylinder.

The songs and choruses were excellently rendered and quite appropriate, although this was the first time some of us had heard "Dixieland" sung so far north, west of the Fifth.

More Honors for Sunnybrook

Mr. Wm. Gilbert has just been apprised of the fact that he has been awarded two prizes by the Holstein Breeders' Association of Canada, for the Canadian Record of Performance, open to all Canada. The winning cows are Daisy Alcartra and Flossie Pontiac.

Daisy Alcartra and Flossie Pontiac were the only two cows in Alberta to earn Record of Performance prize money. Their pictures appeared in the last issue of "Farm and Dairy," published in Ontario.

These awards are merely an item in the list of numerous prizes so frequently showered on the enterprising proprietor of Sunnybrook Farm during the past season; and it is not to be wondered at that those interested in dairying look upon Sunnybrook as a real demonstration farm of the district, in view of the fact that this farm has always outdistanced its imitators.

Select Laxative Medicine With Great Care

In debility and weakness, medicine should be mild and far reaching. Many pills and purgatives are too hard, are drastic instead of curative. Excessive action is always followed by depression, and knowing this Dr. Hamilton devised his pills of Mandrake and Butternut so as to mildly increase liver and kidney activity, so as to flush out the system by toning and regulating the bowels. Thus do Dr. Hamilton's Pills eliminate poisons from the body, thus do they restore clearness to the skin, thus do they renew health and strength. To keep your system in healthy good working order, regulate it with Dr. Hamilton's Pills, 25c all dealers or The Catarrhose Co., Montreal.

"What have you done to him?" she said.

He threw out his hand feebly. "You do well to ask me that," he said. "I take all the blame." He raised his face slowly until his eyes met hers. They were not the eyes she had known. They were the eyes of a man who had been crushed, who had been powdered between the wheels of Fate. The old masterful quality, the old indomitable will that stirred her anger and admiration were gone, and in their place were coils of sorrow and ashes of defeat. For a moment she held back; then, with arms outstretched, she fell upon his breast.

And then he felt his strength return. He drew her to him as all that remained in the world; crashed her to him; then, very gently, released her a little. "He found his fingers threading her fine hair, as they had loved to do when she was a little child."

She sank to her knees beside him, and at last she looked up in his face. "Forgive me, my father," she whispered. He kissed her forehead and struggled with his voice. "We all make mistakes, Beulah," he said. "I have made mine this twenty-five years, and there—there is the price."

His words turned Beulah's thought to Allan, and the necessity for action brought her to her feet. "We must save him," she cried. "We must and we will! In the policeman gone! We must have the best doctors from Calgary. Looking about she found that Grey and Arthur had left the room. They had slipped out to leave father and child alone with their com-

Liver Pains

Pains under the shoulder blades tell of liver derangements. Other indications are sallow complexion, indigestion, constipation, biliousness and bilious headaches.

The quickest way to arouse the liver to healthful action is by use of Dr. Chase's Kidney-Liver Pills. Continued use will insure lasting relief, correct the whole digestive system and purify the blood.

Mrs. Wm. Barten, Hanover, Ont., writes:

"For some time I suffered from liver trouble. There was a hard, bearing-down feeling in my back which I could not get rid of. Some one advised me to try Dr. Chase's Kidney-Liver Pills. I did so, and found them excellent. The dragging feeling in my back disappeared and I felt much benefited generally. I have great confidence in Dr. Chase's Kidney-Liver Pills, and always keep them on hand for general use."

tion, but she found them at the front of the house.

She seized the policeman by the arm. "You must get us a doctor—the best doctor in the country," she pleaded. "We will spare nothing!"

"My guest, Miss Harris, Sergeant Grey," said Arthur, and the policeman deftly converted her grasp into a handshake.

"Mr. Arthur has told me the injured man is your brother. He shall wait for nothing. And the sooner I see the sooner you will have help." "Your prisoner seems docile enough," Arthur remarked, as the policeman swung on to his horse.

"Rather a puzzle," said Grey. "Doesn't look the part, but was caught in the act, or next thing to it, and his revolver was found lying on the spot where the young man was shot. By the way, I had almost forgotten. One of the robbers was shot and killed. I had to leave his body, but I wish you would send a man up to stay about the place until I can get a coroner out here."

"Robbers, did you say?" demanded Beulah. "Then it was for robbery?"

"Yes, Miss Harris. It seems your father had a large sum of money on him. We have found no trace of it yet, but it is a little more than two were implicated, and as one was shot on the spot this other must know the money is. We will bring it out of him in due time."

So saying he rode down to the gate, thanked the coroner who had been keeping an eye on the prisoner, and the two started off at a smart trot down the trail.

CHAPTER XIX. Prisoners of Fate

Beulah returned to the house to minister to her brother, but Mrs. Arthur stopped her on the stairs.

"Your mother knows," she said. "They are both in the room with Allan."

Her first impulse was to rush in and complete the family circle, but some sense restrained her. For distraction she plunged into the last of preparing breakfast.

At length they came down. Beulah saw them on the stairs, and knew that the girl was bridged.

"Allan is better," her mother said, when she saw the girl. "He has asked for you." And the next minute Beulah was on her knees by the white bed, caressing the locks that would fall over the pale forehead.

"How did I get here, Beulah?" he whispered. "How did we all get here? What has happened?"

"You have been hurt, Allan," she said. "You have been badly hurt, but you are going to get well again. When you are stronger we will talk about it at present you must lie still and rest."

"Lie still and rest," he repeated. "How good it is to lie still and rest!" Later in the day the pain in his wound began to give much discomfort, but he was able to swallow some porridge with pure cream, and his breath came easily. His father stayed about the house, coming every little while to look in upon son and daughter, and as Allan's great constitution gave evidence of winning the fight a deep happiness came upon John Harris. He was able to sleep for a short time, and in the afternoon suggested a walk with his wife. Beulah saw that they were arm in arm as they disappeared in the trees by the river.

"I haven't told you all yet," Harris said to her. "I have done even worse than you suppose, but in some way it doesn't seem so bad to-day. Last night I was in Gethsemane."

It was strange to hear a word suggestive of religion from his lips. Harris had not renounced religion; he had merely been too busy for it. But this word showed that his mind had been travelling back over old tracks.

"And to-day we are in Olivet," she answered, tenderly. "What matters it if everything's all right?"

"If only Allan—," he faltered. "Allan will get well," she said. "When he could withstand the first shock he will get well. Of course he must have attention, but he is in the right place for that."

"The Arthurases are wonderful people," he ventured, after a pause. "Mary, they have found something that we missed."

"But we have found it now, John. We are going to take time to live. That is where we made our mistake." There was another pause, broken only by the rustle of leaves and the rushing of the river.

"Beulah was right," he said at last. "Beulah is a wonderful girl, and a beautiful!"

She will not be wanting to go back home with us," said the mother. "So much the better. Mary, Mary, we have no home to go back to!"

She looked at him with a sudden puzzled, half-frightened expression. "No home, John? No home? You don't mean that?"

He nodded and turned his face away. "I said I hadn't told you all," he managed at length. "I said the farm."

She was sitting on a fallen log, very tired, and cross, and small, but she seemed suddenly to become smaller and greyer still.

"Sold the old farm," she repeated, mechanically.

"Yes, I sold the old farm," he said again, as if finding some delight in gazing himself with the repetition. "I thought I saw a chance to make a lot of money if only I had some ready cash to turn in my hand, and I sold it. I thought I would be rich and then I would be happy. But they took the money last night. They found out about it some way, and took it, and nearly killed our boy. Mary, you worked hard all your life, and to-day you have nothing. I brought you to this."

She looked with unseeing eyes through the trees at the fast-running water. Her thoughts were with the old home, with the ideals they had cherished when they founded it, with the hardships and the sorrow, and the sickness and the pain, and the joy that had followed it as no other spot in all the universe—the place where their first love had nursed them in its tenderness, where they had sat hand in hand in the gathering dusk, drinking the ripple of the water and the whirr of the wild duck's wing; where she had gone down into the valley of the shadow and their little children had come into their arms. And it was gone. He had sold it. Without so much as by-your-leave from the partner of his labours—and his life he had sold it and left them destitute.

She saw it all, and for the moment her heart shrank within her. But she saw, too, the fullness of it all. She might have upbraided him; she might have returned in part the sorrows he had forced upon her, for he was wounded now and could not strike back. But she rose and stretched her arms toward him.

"You said I had nothing, John. You are wrong. I have you. I have everything!"

"And it was to you, beloved, to you, a woman of such great soul, that I could do this thing. . . . But I'm not." It seems such a puny thing, it's hardly worth the while—except for the lump in her throat, it might bring to you, and Beulah."

They sat long in the sunshine of the warm autumn afternoon, living again through sweet, long-forgotten days, and already planning for their future. Harris would again exercise

Griffith In Control Of Irish Situation It Is Conceded

Dublin.—Numerous clashes occurred again in the Dail Eireann, the feeling running high. Eamon de Valera continued to press for recognition of the Dail's supremacy, but the ministers of the provisional government held firmly that they were responsible only to the Irish people.

Divisions continue to show there is no doubt that Griffith is in control. Observers expressed the opinion that the net result of the two days' debate has been to strengthen the hands of the provisional government, and increase public confidence in their ability to handle the situation.

In the course of a long debate on the election machinery Arthur Griffith maintained his determination to hold the elections as arranged three months hence and on the old register. The members of the provisional government displayed intense impatience at the tedious debates, which they call an appalling waste of time. They have much work to do in connection with getting the Free State established, and are eager to get on with it.

Michael Collins, on adjournment, bitterly reproached his opponents for failing to submit a simple constructive idea. "The finance minister's feints of endurance amaze his associates; he works daily until 2 or 3 o'clock in the morning, getting only four or five hours' sleep."

The nature of the work of the provisional government ministers, Mr. Collins informed the Associated Press correspondent, was so complicated that it could not be delegated to subordinates.

The Mennonites Exodus
Winnipeg.—Marking the beginning of the Mennonite exodus from Manitoba, a party of the Old Colony Mennonites from Plun Coulee, Man., passed through here on the first stage of their journey to San Antonio, Mexico. They are travelling in a special train of 23 cars, bearing household effects and two passenger cars. About 200 persons compose the vanguard of the exodus.

Vancouver, B.C.—A cable from Shanghai states that General Semakoff, leader of the Siberian Cossacks, is a passenger on the Canadian Pacific liner Empress of Russia, which recently cleared from that port. The purpose of his visit to this continent is not stated in the cable.

SASKATCHEWAN WOMAN RECOVERS

Found Health by Taking
Lydia E. Pinkham's Vegetable Compound

Melval, Saskatchewan.—"I saw Lydia E. Pinkham's Vegetable Compound advertisement in the women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I find I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

—Miss W. J. THOMAS, Melval, Saskatchewan.
These letters recommend Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Thomas writes that she is a different woman now. If you are suffering from troubles women have, or feel all run down, without any ambition or energy for your regular work, Lydia E. Pinkham's Vegetable Compound, it is a natural restorative and should help you as it has Mrs. Thomas and many, many other women.

This medicine has been helping sick women nearly fifty years—surely a long record of service.

When Does Bronchial Trouble Begin To Get Serious?

First it was a little throat tickle, then a cough which grows severe. This neglected cough travels down the lungs and it's mighty hard to treat. To treat throat trouble right use Catarrhoxone. It heals the sore spots, always irritates, eases the cough, makes breathing regular, clears out the phlegm and frees the nostrils from crusts and accumulations. You can prevent colds, and keep free from Catarrh and bronchial trouble by frequently using Catarrhoxone—thousands prove this every day. Sold everywhere, two months' treatment \$1.00, medium size 50c, small size 25c.

Thankful for Good Will

Princess Mary and Viscount Lascelles New Wish to be Left Alone
Shifnal, Eng.—The honeymoon of Princess Mary and Viscount Lascelles will be spent in seclusion at Weston Park. They expressed great gratitude for the tremendous display of good will at their wedding, but now they frankly wish to be left alone in their manor with its 11,000 acres of playgrounds.

There is no formality in the mansion and there are no court attendants or relatives. There are only a few servants whose purpose is to make the seclusion of the pair absolute. The telephone has been disconnected in order to make them secure from outside intrusion. It is the purpose of the couple not to leave the manor for at least a few days. In the meantime the great estate offers all they want in the way of diversion and exercise.

By making your purchases from your home merchant, you are contributing direct to the prosperity of the community in which you live.

RHEUMATISM?

Health is the Most Valuable Asset You Have. You cannot Afford to Neglect It.

Crofton, B. C.—I was troubled for years with inflammatory rheumatism and rheumatic fever. I tried several cures for rheumatism, but did not receive any benefit from any of them. I had been in the hospital for months, being unable to do any work. A friend advised me to try Dr. Pierce's Ankleuric Tablets.

After taking the first bottle I began to improve, and after taking six bottles I had no more rheumatism. I think Dr. Pierce's Ankleuric is the most wonderful medicine that any one can take for rheumatism. I have recommended these tablets to many of my friends and they, too, have all been benefited by them."—Merville Collinson.

People are realizing that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, eliminating the poisons from the blood. Uric acid backs up into the system, causing rheumatism, neuritis, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs any one would do well to get Dr. Pierce's Ankleuric Tablets which are to be had nowadays at almost any drug store or send to Dr. Pierce's Laboratory in Bridgeport, Ont., for trial package and write for free, confidential medical advice.

Canada's Enormous Coal Reserves Add To Our National Wealth

Ottawa.—In the course of his address before the Canadian Institute of Mining and Metallurgy, C. V. Corless, president of the Institute, referred to Canada's enormous pre-Cambrian area surrounding Hudson Bay, as a veritable treasure house of minerals, where real prospecting had scarcely begun. This area included the nickel mines at Sudbury, silver mines at Cobalt and gold mines at Porcupine, one of which might soon reach the position of the world's greatest producer.

Referring to the great pre-Cambrian area, which comprises 90 per cent. of the province of Quebec, Mr.

Corless predicted that enormous mineral treasures awaited discovery by "the thrifty people of this province."

Mr. Corless referred to the tremendous coal reserves in Canada, estimated at 1,250,000,000 tons or 35,000 times the present annual consumption. He pointed out that though Canada was spoken of as an agricultural country, only 15 per cent. of the area of the Dominion was suitable for cultivation, while 50 per cent. would undoubtedly produce great mineral wealth. He suggested that this mining industry should receive a large share of Government assistance.

Wins Dog Derby In Record Time

Morgan's Team Makes 200 Miles in 24 Hours 51 Minutes

The Pas.—C. B. Morgan's team, driven by Bill Grayson, finished first in The Pas dog derby, with all dogs in excellent condition. Grayson reports that he and Theo Dupas, driving the Dupas-Bancroft team, arrived at Ware House, fifty miles from The Pas on the return trip together, where he left Dupas and proceeded alone.

Morgan's team won last year's race. His time was 24 hours and 51 minutes for the 200 miles, establishing a world's record.

The drivers of the winning teams fed three times during the trip.

We have made arrangements with the E. H. Heath
Co. Limited who publish the **CANADIAN POWER
FARMER** whereby we are able to offer that farm
magazine together with our own weekly at the one price
for both papers.

The **CANADIAN POWER FARMER** is Western
Canada's biggest farm monthly. It is now in its
twentieth year which means that it is thoroughly
established throughout the West. It deals with the
mechanical side of the farm. Every issue is full of
helpful hints and experiences on the operation of all
kinds of farm machinery from a washing-machine to a
tractor. Its editor has just completed a trip of several
months over Western Canada in a motor car for the
purpose of studying the mechanical needs of the farm-
ers. He visited the farmers, lived with them and worked
with them. The results of his trip will appear during
the next twelve months.

This offer may be withdrawn at any time. Without
doubt your intention is to renew for this weekly, then
why not take advantage now. Your subscription to this
weekly together with a year's subscription to **THE

Liquor Branch Is a Gold Mine

If J. Rufus Wallin Wallingford
had been an Albertan, he would
surely have desired to emulate the
Alberta government liquor branch
method of making money.

Starting in 1916 with a modest
loan of \$17,000 from the govern-
ment, when the liquor branch went
into operation, the official report of
the independent government aud-
itor says that the business has now
accumulated an unpaid surplus of
\$1,056,442.

The mathematically inclined may
figure this to be a profit at the
rate of 6212 per cent on the invest-
ed capital, or annual profit of 1442
per cent. Wallingford in his wild-
est flights never accomplished any-
thing better than this.

The surplus cannot be paid out
cash, however, as the profits have
been re-invested in stock, and used
as capital, and in order that the
treasurer may obtain the use of
this accumulated surplus, it will
be necessary to materially reduce
the stock on hand.

Liquor in the Edmonton govern-
ment warehouse now has a
value of \$520,597.

A Handy Calendar.

The Stony Plain Pharmacy is
issuing calendars published by
Rexall Drug Stores, that are

of the calendar are given, along
with the figures, the phases of the
moon and the weather forecasts,
while on the back of each month
are blanks for farm and house-
hold records—milk records, egg re-
cords, farm and household expenses,
farm receipts, and some very use-
ful information. The back card of
the calendar is printed on both
sides and contains a wealth of in-
formation—a blank form for mak-
ing an inventory of your belongings,
health and household hints, weight
and measures, farm tables, first aid
hints and many others. It also in-
cludes the regular information gen-
erally looked for on the first pages
of the family almanac.

MISS NELLIE COLLINS

"I have been thankful a thousand times that I took Tanlac when I did. It is simply wonderful the way it has benefited me," said Miss Nellie Collins, 1320 Connecticut Ave., Bridgeport, Conn.

"About eighteen months ago my appetite began to fail and I seemed to be going into a decline. Nothing agreed with me and my nerves were keyed up to such a high pitch I was actually afraid they would snap in two.

"But Tanlac has brought about a wonderful change in my condition. My appetite is almost ravenous, my digestion is perfect and I feel as well and strong as I ever did in my life. I never dreamed there was as grand a medicine as Tanlac in the world."

Tanlac is sold by all good druggists.

A Useful By-product

Tons of Bobbed Hair Are Made into Mattresses

The momentum of the bobbed hair find has reached a record pace in Chicago.

Careful investigation reveals that salons of local hairdressers are exacting a daily toll from 2,500 women, ranging in age from flappers to state-ly, white-haired matrons.

If the present rate is maintained, all the women in Chicago will be bobbed by October 22 next, a hairdresser said. This authority figures that 361,634 hours daily will be saved if all the women here bob their hair.

The average amount of hair shorn in a bobbing is about three ounces.

Although this hair is unsuitable for use as switches and transformations, it is excellent for mattresses, and it is estimated that more than 3,000 class A full width mattresses can be made as a by-product of the bobbing industry in Chicago.

NOW SINGS THE PRAISES OF DODD'S KIDNEY PILLS

Saskatchewan Man Who Has Found New Health and Gained Twenty Pounds in Weight—Recommends Dodd's Kidney Pills. Wakar, Sask. (Special)—Simon Gawluk, a well-known and respected resident here in a sworn friend of Dodd's Kidney Pills. He has tried them and found them good.

"I am more than thankful that I was led to use Dodd's Kidney Pills. Mr. Gawluk states, 'I had backache and after using Dodd's Kidney Pills I grew much stronger and I gained twenty pounds in weight.'

"Now I am very thankful to say I have no more backache and I recommend Dodd's Kidney Pills to everyone."

That Mr. Gawluk's trouble came from the kidneys is evidenced by the relief he got from Dodd's Kidney Pills. They are purely and simply a kidney remedy. They heal and strengthen the kidneys and put them in shape to strain all the impurities out of the blood. Sound kidneys mean pure blood. Pure blood means good health.

Ask your neighbors if Dodd's Kidney Pills do not make sound kidneys.

Factories in Edmonton

City Has Over One Hundred Manufacturing Establishments

Edmonton is not generally recognized as a factory city, yet judging by statistics recently published by the Board of Trade it may lay some claim to the status. More than one hundred bona fide manufacturing establishments are to be found in the city, all producing goods of a wide variety. The Board made the census with an eye on the forthcoming manufacturing exposition 'd' be held in the spring.

A Palm Beach Frock of Red and White Crepe

By Marie Belmont

Palm Beach continues to stress the vogue for red and white which it inaugurated a year ago. Smart society would not consider its sought-after wardrobe complete without a number of frocks in this smart color combination.

Red rings printed on white crepe make this gay little model of youthful line. Ecru batiste completes its daintiness. The becoming surplice bodice is finished by a smart rosette and streamers of black grosgrain.

The bone bracelets are of red and black and serve charmingly to carry out the costume detail. The fad of collecting colored bone bracelets and wearing one or two to match each costume is being strongly noted.

KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one day bright, the next cold and stormy, that the mother is afraid to take children out for fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or gripe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cts. a box from Dr. Williams' Medicine Co., Brockville, Ont.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

Wishing for sleep is a poor way to get it

A LITTLE wisdom in the daytime is a better assurance of rest than any amount of anxious wishing when nerves are a-jangle at night.

What you do at noon often has more influence on sleep than what you want and hope for, at midnight.

Tea and coffee's drug element, caffeine, whips up the nerves, and when its use is continued there's usually a penalty which no amount of mental effort can avoid.

The part of wisdom, as so many thousands have found, is to turn away from nerve-stimulation and adopt rich, delicious Postum as the mealtime drink. Postum delights the taste, but brings no disturbance to nerves or digestion. Even the little children can share in the enjoyment of Postum at any meal.

It's better to anticipate warnings than to be driven by them.

It's better to encourage and preserve sound nerves and complete health than to listen to the clock ticks at night and say, "I wish!"

You can get Postum wherever good food or drink is sold and served. An order today may be the beginning, for you, of the great satisfaction and comfort which so many others have found in Postum.

Your grocer has both forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
